Education

- B.Sc. Computer Science with Cyber Security at DR. N.G.P. Arts and Science College, Affiliated with Bharathiar University | Year of Passing: 2026 | Current Aggregate: 77%.
- Higher Secondary Certificate 12th | Vikas Vidyalaya Matriculation Higher Secondary School | Year of Passing: 2023 | Percentage: 80%

Technical Skill

- C / C++.
- Core Java.
- HTML/CSS/JavaScript.
- Springboot
- MySQL
- REST API
- Microsoft Excel.

Soft Skill

- Team Collaboration.
- Fast Learner.
- Adaptability.
- Analytical Thinking

CERTIFICATION

- Java
- Linux and Networking.
- Hackathon.
- Cyber Security.
- Mysql.
- Excel Skills for Business

CAREER OBJECTIVE

Motivated BSc Computer Science undergraduate with a strong aspiration to build a career as a Java Developer and Software Associate. Possesses in-depth core Java knowledge and hands-on project experience with Java, C, and C++. Actively developing foundational web development skills (HTML, CSS, JavaScript) to complement backend capabilities. Passionate about writing clean, efficient, and secure code with completed Core Java proficiency. Adaptable to new technologies, eager to apply problem-solving and software engineering fundamentals in a professional environment.

PROJECTS

- **Banking Chatbot (Java)** Created an interactive Java-based banking chatbot using object-oriented programming. Enabled basic operations like balance inquiries, fund transfers, and account support.
- **Smart Inventory Management System (Hackathon Project – HTML, CSS, JavaScript, MySQL)** Created a user-friendly inventory system to track product stock, sales, and restocking alerts. Designed for real-time updates with a responsive UI and MySQL backend.
- **NetflixClone(React.js + Firebase)** Developing a full-stack Netflix clone using React.js and Firebase. Features include user authentication, dynamic movie browsing, and data fetching with TMDB API.
- **User Management System (REST API, HTML, CSS, JavaScript)** Developed a full-stack user management web application with RESTful APIs. Implemented features like user registration, login, profile viewing, updating, and deletion. Built an interactive frontend using HTML, CSS, and JavaScript to consume backend REST APIs seamlessly.
- **Bug Tracker (Java, Spring Boot, MySQL)** Built a comprehensive bug tracking system using Spring Boot and MySQL. Enabled users to create, assign, track, and close bug reports with priority levels and status updates. Implemented REST APIs for frontend integration and role-based access for developers and testers.

INTERNSHIP

WEB DEVELOPMENT

INTERN Company: Nitroware Technology,
Hopes College, Coimbatore
Duration: [15 Days].
